NEW GENERATOR

Guideline for drawings to be submitted for Commercial Plan Review.
Please submit all that apply to your particular building.

Comply with the following:

- 2021 International Building Code
- 2021 International Fuel Gas Code (*for Natural Gas supplied Generator*)
- 2021 International Fire Code (*for separate Diesel Tank supplied Generator*)
- 2020 National Electrical Code

General Information

Building Name

Municipal Address of building

Contractor's Name, phone number and e-mail address

Site Plan

Show Site plan with location of building where the generator will be installed

Show the location of the generator and its distance ...

- from the building, fences, and property lines as applicable
- from any openings such as doors, windows, dry vents, etc.,
- from the existing electrical service meter
- from the natural gas meter (if applicable)

Indicated whether the Generator is natural gas, diesel, or propane supplied.

Include any other pertinent information.
